

Foscarini

Magneto Terra

surface

- white
- black

Technical details

Country of Manufacture	 Italy
Manufacturer	Foscarini
Designer	Giulio Iacchetti
Year of design	2011
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Projection in cm	20
material	ABS, steel
cable color	black
cable length	170 cm
switchability	on the lead
Wattage	5 W
LED	inclusive
Colour Rendering Index	>80
Luminous flux in lm	475
Color temperature in Kelvin	2,700 extra warm white
light distribution	directly
Dimensions	H 120 cm B 20 cm

Description

The Foscarini Magneto Terra is a floor lamp with modern LED technology. Particularly interesting and flexible is the Magneto Terra by the magnet, which gave the light its name.

This magnet can be attached at different locations of the lamp rod. By this turn of the lamp head is fixed and can be brought over and over again in various positions. So both the light and the optics of light can be re-adjusted again and again for any current needs.

It was designed by Giulio Iacchetti with a lamp body made of painted steel and ABS in 2011. The Magneto Terra is available by Foscarini in white or black. A 5 Watt LED 2700 ° Kelvin is included.
