

Byok

Nastrino Pico Table Stand

Oberfläche

- matt aluminum
- matt black

Technical details

Country of Manufacture	💻 Gern
Manufacturer	Byok
Designer	Kai Byok
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240
Projection in cm	35
material	aluminu
cable length	300 cm
dimming	gesture o
LED	replaced
Colour Rendering Index	90
Color temperature in Kelvin	Dim to w
lamp stand dimensions	length 15
system performance	2 x 3.6 W
Total luminous flux in lm	610
light distribution	directly
Dimensions	H 30 cm

Germany Byok Kai Byok IP20 LED 230 - 240 Volt 35 aluminum 300 cm gesture control replaced by professional 90 Dim to warm length 15, width 15 cm 2 x 3.6 Watt 610 directly

Description

The Byok Nastrino Pico Table Stand is a table lamp characterised by its functionality. High-quality LED technics combined with two dazzle-free light zones create the ideal working light. This is underlined by the well-thought-out joint technics used with this lamp.

The design is very sleek as well, because this light consists of simple ground aluminium profiles. These different surfaces are offered for the Byok table lamp: aluminum matt and black matt. The Nastrino Pico Table Stand is dimmed with gesture control. During dimming thanks to the Dim2Warm technology, the light takes on a warmer colour, changing the light colour of the LEDs from 2,700 Kelvin extra warm white to 2,100 Kelvin warm white. This lamp is also available with a table clamp, with USM Adapter or with a wall mounting as wall lamp.
