Description

The Post Krisi T 61 by the manufacturer Catellani & Smith is a table lamp whose shade is composed of two hemispheres. The light of the lamp is emitted through the transparent shade. Through a gap between the two halves of the shade, the light is distributed additionally. This lamp has a shade diameter of 40 cm and a total height of 75 cm.

The shade of the table light consists of slightly transparent fiberglass, available in the colours natural and white. The lamp is supplied as standard with a lamp base in black and a lamp rod in brass. On request, the lamp is also available with base and rod both nickel-plated. If you would like to order the version with base and rod both nickel-plated, please leave your special order request in the additional field notes. The base is square with a length and width of 15 cm each. A cord dimmer is used for light intensity regulation.
