Description

This Serien Lighting Curling Suspension Tube LED pendant lamp distributes its light directly downwards and softly diffused all around. The pendant lamp is suspended from the ceiling with a chrome-plated steel tube. When mounted, the total height can be set individually. Its total height is 110 cm.

The Curling Suspension Tube LED clear/conical opal is available with a lamp shade in three sizes. The Small lamp has a lamp shade with a diameter of 18 cm, the Medium lamp with 25 cm and the Large lamp with 33 cm. The pendant lamp is offered with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. On request, the lamp is also available DALI dimmable or with dim to warm function. The lamps with dim to warm function imitate the pleasant dimming behaviour of classic incandescent lamps.
