**Manufacturer**

Luceplan

**material**

methacrylate

**Diameter in cm**

140

**Wattage**

5.4 W

**Dimensions**

Ø 140 cm

### Description

The Luceplan Blow spare rotors are a spare part for the ceiling light Blow. The rotors are available in the following surfaces: transparent, transparent screenprinted, orange and colour mix (blue, green, orange). It contained three rotors in one set. They serve as a spare part for the Blow lamps or as a replacement element to give an existing lamp a new colour accent.
