Description

The Anglepoise Original 1227 Mini Ceramic Wall Lamp is a wall lamp with a bone china lamp shade that becomes translucent when the lamp is switched on. The lamp shade has a height of 14 cm and a diameter of 13 cm. Since the shade can be rotated and swivelled, the light distribution can be readjusted at any time. The wall bracket is made of die-cast aluminum and measures 8 x 8 cm. The wall light can be operated with compact fluorescent lamps or LED retrofit lamps. It is operated by an on/off switch on the wall bracket.
