### Description

The Anglepoise Original 1227 Midi Pendant emits its light directly downwards. The pendant lamp has a height of 25.5 cm and a diameter of 23 cm. The shape of the lamp shade was designed by industrial designer George Carwardine for the first Anglepoise lamps as early as the 1930s. The surfaces for the lamp shade are available in jet black, dove grey and linen white. The ceiling canopy has the matching surface to the shade. The shade and canopy of this pendant lamp are made of steel and are glossy lacquered in all versions. The canopy is 6 cm high with a diameter of 10 cm. The cable with a maximum length of 150 cm can be shortened if required. The pendant lamp can be operated with LED retrofit lamps or compact fluorescent lamps.
