### Description

The Anglepoise Original 1227 Brass Pendant has a steel shade and a brass lamp shade cap. The lamp shade of this pendant lamp has a diameter of 14 cm and a height of 16 cm. The shape of this lamp shade was adopted from the first Original 1227 lamps, which the industrial designer George Carwardine had already designed in the 1930s. This lamp is available in jet black, ink blue and elephant grey. The canopy is supplied with the matching surface to the lamp shade. Like the lamp shade, the canopy is also made of steel. The canopy has a diameter of 10 cm and a height of 6 cm. The cable with a maximum length of 150 cm can be shortened if required. LED retrofit or compact fluorescent lamps can be used as light sources.
