

# Catellani & Smith

## CicloItalia F

### Voltage

- 230 - 240
- 125 (special US version)

### Technical details

<b>Country of Manufacture</b>	 Italy
<b>Manufacturer</b>	Catellani & Smith
<b>Designer</b>	Enzo Catellani
<b>Year of design</b>	2018
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>voltage suitability</b>	110 - 240 Volt
<b>material</b>	brass, glass
<b>dimming</b>	integrated dimmer
<b>Wattage</b>	5 W
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	80
<b>Luminous flux in lm</b>	600
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>lamp stand dimensions</b>	length 21, width 21 cm
<b>bulb exchange</b>	at the manufacturer / at the factory
<b>Dimensions</b>	H 140 cm

### Description

The Catellani & Smith CicloItalia F is a floor lamp with joints at the lamp head and at the lamp base, over which the lamp can be adjusted again and again. The floor lamp is completely made of untreated brass, which can change over time and cause an intended oxidation effect. The light of the LED light source is bundled by a frosted glass lens. The light is maximum 140 cm high and has a square base measuring 21 x 21 cm. This floor lamp can be dimmed and switched via a touch dimmer on the head. A memory function saves the last brightness level set and automatically selects it the next time the power is turned on. The design is a reinterpretation of the Ciclocina lamp series created by Enzo Catellani in 1989.
