## Description

The Marset Discoco C53 is a ceiling lamp consisting of 21 opaque discs. The discs are made of injection-moulded ABS and are attached at different levels to a chrome-plated hemisphere inside the lamp. Most of the light is emitted directly downwards, some is also emitted to the sides. In addition, the discs function as reflectors, which also illuminates the lamp itself. The ceiling light is available in the surfaces white glossy and black/gold glossy. This lamp has a diameter of 53 cm and can be operated with a halogen lamp or an LED retrofit globe bulb.
