### Description

The Marset Funiculi S Fabric table lamp has a lamp arm with lamp shade, which is height-adjustable via two clamps on the lamp rod. The lamp shade in classic shape has a diameter of 24 cm and is made of polyester. The light is emitted both through the fabric of the shade and directly downwards. The lamp is offered with a shade in the surfaces white or sand. The rod and base of both versions are made of black lacquered iron. The base of the lamp is covered with rubber to protect the ground. An on/off switch is integrated on the cable. The table lamp can be operated with a halogen lamp or an LED retrofit lamp.
