

Marset Scantling S

Oberfläche

- black
- white

Technical details

Country of Manufacture	 Spain
Manufacturer	Marset
Designer	Mathias Hahn
Year of design	2010
protection	IP20
Scope of delivery	LED 230 Volt
voltage suitability	110 - 240 Volt
Projection in cm	40
material	aluminum, metal, oak Tree
cable color	black
cable length	150 cm
socket/light fixture	E27
switchability	on the light head
Wattage	8 W
LED	inclusive
Shade diameter	10 cm
Shade height	20 cm
lamp stand dimensions	21 cm
bulb exchange	on site itself
Dimensions	H 60 cm

Description

The Marset Scantling S is a table lamp with a light arm made of oak wood and a light rod made of lacquered metal. Thanks to movable joints, both the lamp arm and the lamp shade can be re-aligned again and again. The technical precision in the manufacture of the lamp ensures that neither counterweights nor springs are required to maintain each set position of the lamp. The on/off switch is integrated into the rear of the lamp shade. The cable is largely routed inside the lamp arm and the lamp rod. The name of the Scantling S table lamp refers to an old unit of measurement for wood or stone.
