Description

The Ingo Maurer Luzy Take Five pendant lamp is an unusual pendant lamp in which an everyday object is transformed into a work of art. Each glove is hand painted with a special blue colour. The illuminants used are not conventional halogen bulbs, but LED illuminants specially designed for this light series. The Luzy Take Five pendant lamp emits glare-free light into the room and can be dimmed by the customer. Its cable with a maximum length of 250 cm can be shortened if required.
