## Description

The Holtkötter 6348 floor lamp can be adjusted from 98 cm to 167 cm in height. Its arm can be flexibly adjusted thanks to two joints. The light from this lamp is emitted downwards and diffusely into the room through the shade. The light is also distributed upwards. The lamp shade is made of high-quality chintz fabric and has a diameter of 38 cm at the bottom and 20 cm at the top. The shade height is 16 cm. The 6348 floor lamp from Holtkötter is available in the shade colours white, champagne and sand.

The rod and base are offered in the surfaces nickel-plated matt, Fume matt and brass. In the brass version, part of the surface is brass polished and part matt. This lamp is operated by an on/off switch on the supply line. Both halogen lamps and LED Retrofits are suitable as illuminants.
