### Description

The Holtkötter Nova Plano floor lamp is a ceiling floodlight that emits light upwards. The lamp head of this upright is rotatable and has a diameter of 32 cm. In addition, this lamp has a jointed arm, which is adjustable in height between 95 cm and 140 cm. The lamp head of the jointed arm can be swivelled and has a diameter of 12 cm. The upright and the lamp head of the jointed arm can be switched and dimmed separately via two push button dimmers on the lamp rod. The last brightness level set is saved via a memory function and selected again when the light is switched on again. The floor lamp Nova Plano by Holtkötter is available in matt aluminum, platinum, black and anodised brass.
