

Serien Lighting Cavity Ceiling S

Oberfläche

- aluminum
- black
- bronze
- white

Voltage

- 230 - 240
- 110 - 125

Technical details

Country of Manufacture	 Germany
Manufacturer	Serien Lighting
Designer	Jean-Marc da Costa und Manfred Wolf
Year of design	2019
protection	IP20
Scope of delivery	LED
voltage suitability	110 - 240 Volt
Diameter in cm	10
material	aluminum
dimming	dimmable with a trailing edge dimmer and with a leading edge dimmer
Wattage	12 W
LED	inclusive
Colour Rendering Index	>95
Luminous flux in lm	1,220
Color temperature in Kelvin	2,700 extra warm white
bulb exchange	on site itself
Dimensions	H 8 cm Ø 10 cm

Description

The Serien Lighting Cavity Ceiling S is a ceiling light with a height of 8 cm and a diameter of 10 cm. The light is emitted downwards from this lamp. The LED illuminant is recessed into the lamp, which shields the light from the sides and at the same time the light is simultaneously reflected by the lamp itself. The Cavity Ceiling S is made of aluminum and is available in black, white, aluminum gloss finish and bronze finish. The integrated LED is replaceable and can be dimmed on site with a trailing edge or leading edge phase dimmer. As standard, the ceiling lamp is supplied with a colour temperature of 2,700 Kelvin extra warm white. On request, it is also offered with 3,000 Kelvin warm white.
