Description

The Serien Lighting Cavity Suspension S pendant lamp has a lamp shade with a height of 10.7 cm and a diameter of 10 cm. It emits its light directly downwards. Since the integrated LED is recessed in the lamp, the light is shielded from the side. The total height is determinable between 35 cm and 200 cm. Therefore, the lamp is suitable for ceiling heights up to 300 cm.

The Cavity Suspension S is available in black, white, aluminum gloss finish and bronze finish. The canopy is always supplied in the matching finish to the lamp. An LED is integrated as the light source, which can be replaced on site if required. The lamp can be dimmed on site with a leading edge or trailing edge phase dimmer. The pendant lamp has a colour temperature of 2,700 Kelvin extra warm white, on request it is also available with 3,000 Kelvin warm white.
