## **Description**

The Foscarini Aplomb Large MyLight has a wide downward light. Its lamp shade has a height of 20 cm and a diameter of 45 cm. It is made of concrete and is available in brown, grey, anthracite and white. The pendant lamp in white is supplied with cable and canopy in white, the other lamps with cable and canopy in black. The cable can be individually adjusted in length during assembly.

The Aplomb Large MyLight can be dimmed via Bluetooth with the Casambi App using a smartphone or tablet (IOS, Android). In this way, the light intensity can be adjusted from 0-100% without the need for new devices, cabling, switches or Internet connections. The lamp only needs to be installed and connected to a smartphone or tablet via Bluetooth. Additional configuration by qualified personnel is not required. The lamp is also available as Aplomb Large in a non-dimmable and a DALI dimmable version.
