Color temperature in Kelvin	2,700 extra warm white
bulb exchange	on site itself
system performance	3 x 1 Watt
Total luminous flux in lm	225
Dimensions	H 80 + 110 + 140 cm

Description

The Catellani & Smith Syphasera Set 3 consists of three complete outdoor floor lamps ready for connection with all necessary accessories. The three Syphasera lamps are connected to each other with the Quick Connectors system and are plugged to a single power supply. All necessary plug connections are included. The set contains:

- One lamp with a height of 80 cm
- one lamp with a height of 110 cm
- one lamp with a height of 140 cm
- an extension cable with a length of 500 cm
- a driver necessary for the lamp operation

Each lamp can be fixed with its ground spike up to 25 cm into the ground. The height specifications of the lamps (80 cm to 140 cm) do not include the earth spike. Through the cylindrical opal glass of the lamp the light is emitted glare-free in all directions.

The Syphasera outdoor floor lamps themselves are protected to IP44 against splash water from all sides and solid foreign bodies with a diameter of 1 mm or more. The lamp rod is each dust-tight with protection class IP65 and protected against strong jets of water from any angle. Driver and extension cable are protected against temporary submersion with the IP67 degree of protection. Syphasera is also available in a set of one complete lamp and sets of four, five or nine complete lamps, ready for connection.
