

Knapstein

DINA-S

Oberfläche

- chrome
- nickel
- bronze

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Designer	Knapstein
Year of design	2020
protection	IP20
Scope of delivery	LED
voltage suitability	110 - 240 Volt
Projection in cm	34
material	brass
dimming	gesture control
Wattage	9,4 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	1,312
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	22 cm
Dimensions	H 115 cm

Description

The Knapstein DINA-S floor lamp can be tilted at will by means of a ball joint on the lamp base. Its head can be rotated and tilted. With a maximum inclination, the floor lamp has a projection of 100 cm. The DINA-S of Knapstein is switched by gesture control and infinitely dimmed. The sensor for gesture control is located on the lamp head. The lamp can be switched on or off with a wiping movement of the hand. The lamp is dimmed by holding the hand in the sensor area for longer periods. A memory function saves the last light intensity setting and automatically sets it again the next time the lamp is switched on. In the event of a power failure, the lamp switches on automatically if it was previously switched on. It remains switched off if it was previously switched off. The surfaces matt nickel, bronze and chrome are available. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated in the lamp head.
