## Description

The Knapstein TARA-S is an LED floor lamp with a jointed arm that can be adjusted at any time. The maximum projection is 39.5 cm. The lamp head can be rotated independently of the jointed arm. The floor lamp is height-adjustable from 96 cm to 130 cm. Two LEDs, each with a colour temperature of 2,700 Kelvin extra warm white, are integrated in the lamp head. The light can be dimmed via a push button dimmer on the lamp rod. The TARA-S from Knapstein is available in matt brass, matt nickel-plated or chrome-plated surfaces. The floor lamp TARA-S-Halogen is also offered with a GY6.35 socket for halogen lamps from this series.
