### Description

The Grupa Arigato Pendant Large has a diameter of 45 cm and a height of 18.6 cm. The lamp shade of this pendant lamp is made of aluminum. A diffuser is integrated at the bottom of the shade, which ensures that the light is emitted downwards without glare. The canopy of the lamp is made of steel and has a diameter of 8.6 cm. The cable with a length of 250 cm can be shortened if necessary. Other cable lengths are also available on request. The Arigato pendant lamp has an E27 socket and can be operated with halogen lamps or LED retrofits. The lamp is available in these shade colours: white or black matt powder-coated. On request, the pendant lamp is also offered in other powdered shade colours. Grupa also offers a smaller pendant lamp with a diameter of 22.8 cm from the Arigato series.
