| Shade diameter | 23 cm |
| Shade height | 17 cm |
| Arm length | 55 + 55 cm |

Description

The Grupa Arigato Ceiling Long is the larger of two ceiling lights with a rotating and swivelling joint arm. The jointed arm consists of two parts, each with a length of 55 cm. The lamp head made of aluminum can be rotated by 360 degrees and swivelled by 125 degrees. The ceiling light is mounted directly on the ceiling. Thanks to a diffuser at the bottom of the lamp shade, the light is emitted downwards without glare. The Arigato Ceiling Long is available in the surfaces black or white matt powder-coated. Other finishes are offered on request. The E27 socket of the lamp can be operated with halogen lamps or LED Retrofits. The Arigato Ceiling is also offered by Grupa with a shorter jointed arm or with two jointed arms.
