## Description

The Maigrau Luca Stand consists of a three-legged solid oak wooden frame and a textile lampshade that surrounds the light source. The Luca Stand is powered by a 280 cm long supply line with cord dimmer. The rubber cable can be integrated into the wooden frame so that it is not visible from the outside. This floor lamp has an E27 socket and can be operated with an LED retrofit. The diffuse, glare-free light is emitted through the textile lampshade, which ends with a screen at the top. The lampshade of the Maigrau Luca Stand has a diameter of 50 cm and is 36.5 cm high. The total height of this floor lamp by the German manufacturer Maigrau is 140 cm. The Luca Stand is available in different surfaces and shade colours: The lamp shade is offered in white and bronze-grey, the lamp base in the surfaces natural oak and smoked oak. On request, the lampshade is also available in felt with an acoustic, sound-absorbing effect.
