<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	>92
<b>Luminous flux in lm</b>	3,100
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>canopy dimensions</b>	17 cm
<b>Shade diameter</b>	55 cm
<b>Shade height</b>	13 cm

### Description

With a diameter of 55 cm and a shade height of 13 cm, the Domus LARAwood Pendant Lamp L is also an eye-catcher above a larger dining table and provides illuminating moments. The view into the inside of the lamp is particularly beautiful, where the low diffuser shows off the wood grain of the lamp to its best advantage. The supply line of the Domus LARAwood consists of a silver-grey textile cable. This dimmable pendant lamp is equipped with an LED with an output of 25 watts and a luminous flux of 3100 lumens. The light of the integrated LED is characterised by a very good colour rendering with a high colour rendering index of Ra > 92. The cable length of this LED lamp is 200 cm. The height-adjustable LED pendant lamp is available in walnut, black oak and white oak finishes.
