

Domus

LARAwood Ceiling Lamp L

Oberfläche

- walnut
- Black oak
- White oak

Technical details

Country of Manufacture	 Germany
Manufacturer	Domus
Year of design	2012
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Diameter in cm	55
material	acrylic glass, aluminum, wood
dimming	on site dimmable with a trailing edge dimmer
Wattage	25 W
LED	inclusive
Colour Rendering Index	>92
Luminous flux in lm	3,100
Color temperature in Kelvin	2,700 extra warm white
Dimensions	H 15 cm Ø 55 cm

Description

The successful combination of high-quality materials and uncomplicated design allows for use in project, office and private areas for the Domus LARAwood Ceiling Lamp L. The light-intensive LED ceiling lamp, whose ring-shaped lampshade seems to float on the ceiling due to a thumb-width distance, also provides ceiling illumination thanks to its open construction. The diffuser, which is deliberately placed high, makes the material used inside directly tangible and ensures an optimal diffusion of the light. The LARAwood ceiling light L by the German manufacturer Domus has a diameter of 55 cm and is 15 cm high. This dimmable ceiling light is equipped with an LED module with a power of 25 watts and a luminous flux of 3100 lumens. The light of the integrated LED is characterised by a very good colour rendering with a high colour rendering index of Ra > 92. This LED ceiling light is available in walnut, black oak and white oak finishes.
