

Domus

Garde

Oberfläche

- Beech
- walnut

Technical details

Country of Manufacture	 Germany
Manufacturer	Domus
Year of design	1988
protection	IP20
Scope of delivery	Leuchtmittel/ Bulb
voltage suitability	110 - 240 Volt
Diameter in cm	18
material	aluminum, Lunopal, wood
cable color	transparent
dimming	dimmable on site
socket/light fixture	E27
switchability	on the lead
Power (max. Watt)	75 Watt
shade color	white
total height	38 cm
Dimensions	Ø 18 cm

Description

The warm light of the white Lunopal really brings out the best in the lamp base made of fine real wood. The curved lampshade made of Lunopal is shaped with two push buttons and held in a ring made of brushed aluminium. Lunopal is a high-quality shade material developed by Domus. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The environmentally friendly material is UV-resistant, washable and does not yellow. The base of the lamp is made of real wood and is available in a choice of beech or walnut finish. This table lamp has a diameter of 18 cm and is 38 cm high. On the transparent supply line of the Garde table lamp by the manufacturer Domus, there is an on/off switch. The table lamp has an E27 socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs.
