- brass matt
- glossy nickel
- matt Nickel
- black
- browning
- gold glossy

### Technical details

<b>Country of Manufacture</b>	 Germany
<b>Manufacturer</b>	Betec
<b>Designer</b>	Horst Lettenmayer
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>voltage suitability</b>	110 - 240 Volt
<b>Projection in cm</b>	25
<b>material</b>	brass
<b>Wattage</b>	8 W
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	>90
<b>Luminous flux in lm</b>	689.9
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>Dimensions</b>	H 21,5 cm   L 25 cm

### Description

With its angular shape, the Betec Angulus fits particularly harmoniously with many picture frames. Its lamp head can be rotated around its own axis so that it can be realigned at any time if required. This makes this lamp particularly suitable for illuminating pictures, menus and music stands. A Duo LED is integrated as the light source. A Duo LED consists of two LEDs in one housing and therefore has a particularly high light output. A diffuser cover reduces the glare of the light emitted. Here, the Angulus is offered with a length of 25 cm and a projection of 25 cm (bracket type 25).

The Betec Angulus 25 cm is available in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. A mounting set is included, which makes it easy to attach the lamp directly to a picture or to the wall. As standard, the picture light has a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. The Angulus picture light is also available in three other lengths and with a projection of 15 cm or 20 cm.
