## Description

The B.Lux Veroca 1 is a ceiling lamp with fireproof textile diffuser, lamp body and four tension springs with their corresponding holder. The textile diffuser is machine-washable and iron-resistant without losing its properties. The combination of several textile diffusers opens up a wide range of design possibilities. The lamp is available in white or natural white surfaces. The textile diffuser is 170 cm long as well as wide. The lamp is a total of 173.5 cm long as well as wide, including the bracket with the tension springs. Its height is 30 cm.

Veroca is offered in six versions. Versions with replaceable fluorescent lamps or integrated LEDs are offered as light sources. The versions with fluorescent lamps are available as non-dimmable and Push / DALI or 1-10 Volt dimmable versions. The LED versions are offered with trailing edge phase dimmer or Push / DALI dimmable.
