## Description

The Bover Folie S/70.2 pendant lamp has a two-part lamp shade made of textile pleated fabric. Inside the classically shaped lamp shade, an oval shade is integrated that becomes wider towards the top. The outer part of the lamp shade has a diameter of 70 cm and a height of 86 cm. In total, the two-part lamp shade is 97 cm high. A ring made of black steel surrounds the lamp shade as a design element. The light is filtered through the shade to the sides. A diffuser made of polycarbonate ensures that the light is also emitted downwards without glare. The 200 cm long cable of this pendant lamp can be shortened if necessary. The pendant lamp is offered in the shade colours white and cream. The Bover Folie S/70.2 has E27 sockets and can be operated with replaceable LED retrofit bulbs.
