Description

The B.Lux Speers S1/M pendant lamp emits its light downwards. It is focused by a glass lens and distributed evenly downwards.

The Speers S1/M is available in black or white. Its lamp shade is matt textured. The cable of the pendant lamp is 400 cm long. If required, the lamp can be individually set in height during installation. A dimmable LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as illuminant.
