## Description

The Domus Pheb 10 Pendant Lamp skilfully combines the materials solid wood and metal. In terms of lighting technology, the diffuser, which is set deep into the lamp, ensures absolute freedom from glare, even when the lamp hangs at a high level. A highlight is the view into the illuminated solid wood design element of the lamp.

The Pheb 10 Pendant Lamp is available in the surfaces silver bronze anodised, white matt powder-coated and black anodised. At the bottom of the cylindrical lamp is a design element made of solid wood, this is offered in oak and walnut. The pendant lamp has a diameter of 10 cm and a height of 14 cm. The Pheb 10 is operated with a powerful, dimmable LED, which has a colour temperature of 2,700 Kelvin extra warm white. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra > 92.
