

Domus

LARAFelt Pendant Lamp S red

Technical details

Country of Manufacture	 Germany
Manufacturer	Domus
Year of design	2015
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
material	acrylic glass, felt, metal, Textile, wood
cable color	grey
cable length	200 cm
height adjustment	height determinable
dimming	on site dimmable with a trailing edge dimmer
Wattage	14 W
LED	inclusive
Colour Rendering Index	>92
Luminous flux in lm	1,600
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	15 cm
Lampshade interior color	white
shade color	red
Shade diameter	20 cm
Shade height	8 cm

Description

The lamp shade of the Domus LARAFelt Pendant Lamp S red has a diameter of 20 cm and is 8 cm high. During assembly, the lamp can be individually set in its total height. The pendant lamp emits its light glare-free and homogeneously mainly downwards. Upwards, the light is largely dimmed.

The LARAFelt Pendant Lamp S has a ring-shaped lamp shade, which is covered with red wool felt. The view into the inside of the lamp is particularly beautiful, where the wool felt is shown to advantage by the low diffuser. From the inside, the lamp shade is in wool white. Domus also offers from the series the LARAFelt Pendant Lamp S with a lamp shade in grey felt (different inner shade colours available) or graphite felt (inner shade colour wool white).

The LARAFelt Pendant Lamp S has a dimmable, powerful LED with a colour temperature of 2,700 Kelvin extra warm white as illuminant. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra > 92. The pendant lamp is also offered with a diameter of 43 cm or 55 cm.
