

Knapstein

FARA-92

Oberfläche

- nickel
- black
- bronze

Technical details

Country of Manufacture	 Germany
Manufacturer	Knapstein
Designer	Knapstein
Year of design	2022
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
material	metal
height adjustment	height adjustable
dimming	gesture control
Wattage	43 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	5,150
Color temperature in Kelvin	2.200 - 3,000 adjustable
canopy dimensions	Length 40 cm, height 6 cm
bulb exchange	at the manufacturer / at the factory
total height	73 - 180 cm
Dimensions	H 6.5 cm B 1.4 cm L 92 cm

Description

The Knapstein FARA-92 pendant lamp is 92 cm long. The total height of the lamp can be adjusted continuously between 73 cm and 180 cm by pulling or lifting the lamp itself. An inclined suspension of the lamp is also possible. The pendant lamp distributes its light upwards and downwards at the same time. The uplight and the downlight are separately switchable and infinitely dimmable via gesture control. The light colour for the uplight and downlight can be adjusted separately to a warmer tone via gesture control (from colour temperature 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved via memory function and automatically reset the next time the light is switched on.

The sensor area for gesture control is located at the top and bottom centre of the lamp. The FARA-92 is switched on or off with a wiping hand movement in the sensor area. For stepless dimming of the lamp, the hand is held in the sensor area for a longer period of time. After the dimming process is completed, the lamp flickers briefly. Afterwards, the desired light colour can be set by again holding the hand in the sensor area for a longer period of time. The FARA-92 is available with a nickel matt, black or bronze effect finish. The series also includes lamps with a length of 112 cm, 132 cm and 152 cm. On request, FARA is also available in other lengths or finishes.
