Ettorino T

Oberfläche

- black
- multicoloured
- white

Technical details

| | |
|------------------------------------|---|
| Country of Manufacture |  Italy |
| Manufacturer | Catellani & Smith |
| Designer | Enzo Catellani |
| Year of design | 2022 |
| protection | IP20 |
| Scope of delivery | LED |
| voltage suitability | 110 - 240 Volt |
| Projection in cm | 73 |
| material | aluminum, brass, Iron |
| dimming | cord dimmer |
| Wattage | 10 W |
| LED | inclusive |
| Colour Rendering Index | 80 |
| Luminous flux in lm | 1,440 |
| Color temperature in Kelvin | 2,700 extra warm white |
| lamp stand dimensions | length 22, width 22 cm |
| bulb exchange | on site itself |
| Dimensions | H 28 - 90 cm |

Description

The Catellani & Smith Ettorino T is a flexible table lamp, as its light can be directed to where it is needed at any time. Its arm with a projection of 73 cm can be tilted and swivelled. The table lamp can also be rotated 350 degrees around its own axis via a joint on the lamp base. The lamp head of the Ettorino T can be rotated and tilted. Depending on the setting, the lamp head of the table lamp has a height between 28 cm and 90 cm. Thanks to a patented process, the lamp remains stable in the set alignment.

The Ettorino T is offered by Catellani & Smith in the surfaces white, black and multicoloured. All lamps have a red human figure as a design element on the lamp arm. There is a dimmer on the supply line. The Ettorino T has an LED with a colour temperature of 2,700 Kelvin extra warm white.
