

Foscarini

Bridge 1

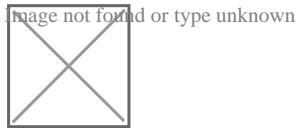

Oberfläche

- brass
- red

Technical details

Country of Manufacture

Manufacturer	Foscarini
Year of design	2022
Wattage	7,8 W
Luminous flux in lm	882
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
material	metal
cable length	200 cm
dimming	not dimmable
switchability	motion sensor
LED	inclusive
Colour Rendering Index	>90
Color temperature in Kelvin	2,700 extra warm white
Dimensions	H 26 cm B 11 cm L 49 cm

Description

The Foscarini Bridge 1 table lamp emits its light downwards and is intended to be reminiscent of the shape of a bridge. The lamp is made from a single, laser-cut piece of metal that is then folded into its shape. The table lamp is available in the surfaces dark red and brass. The lamp in brass is polished during production so that the brass does not oxidise and discolour over time.

The Bridge 1 has a height of 26 cm and a length of 49 cm. The width is 11 cm. As illuminant, a power-efficient LED with a colour temperature of 2,700 Kelvin extra warm white is included. In the middle of the lamp there is a sensor that can be used to switch the lamp on and off by hand movement. The Bridge 2 with a length of 29 cm is also available from the series.
