material Aluminum, Synthetic Fiber, Stainless steel

cable length400 cmdimmingtrailing edge

socket / light fixture E27

switchability on the supply line

Power (max. Watt) 15 Watt protection IP20

Scope of deliveryLeuchtmittel/Bulbvoltage suitability110 - 240 Voltbulb exchangeon site itself

Description

Nans is an extensive collection of lamps that pay tribute to a hidden and discreet place on the Costa Brava. Cala Nans is a small cove in Cadaquès that can only be reached on foot or by boat. An unspoilt corner of the Mediterranean where the vegetation and the vigilance of an old lighthouse make this place a natural space where all you can hear is the sound of the sea and the birds flying over the coast. With the Nans, we wanted to combine different types of fibre weaving in a single collection. We were interested in highlighting the craftsmanship of their umbrellas by presenting the same product with different weaving techniques and combining it with different shapes and colours that bring to life an essential Mediterranean style. The Nans are woven in an artisanal way.
