Descripción

The Byok Piani Rondo 98 Uplight is the largest one of the modern round pendant lamps forming the Piani collection. The lamp body of the pendant lamp consists of a strip geometry being 8 mm thin and it is milled of massive aluminium. This lighting body is polished by hand afterwards and thus it reflects its surrounding and seems to vanish in it.

Four fine copper wires hold the light body of this pendant lamp and they provide for the power supply at the same time. Sixteen LEDs are installed which are dazzle-free thanks to the reflector technics used enabling to singly exchange them. These LEDs radiate an indirect uplight. The surfaces aluminum matt, aluminum polished, black matt and light-bronze matt are offered. The canopy has a diameter of 26 cm and a height of 6.8 cm.

The integrated LEDs are on site dimmable with trailing edge phase dimmer. In addition, the lamp is also available on request as a version that can be dimmed via smartphone / tablet using Bluetooth.
