## Descripción

The Foscarini Spokes 2 was created in 2015 by the Italian designer team García and Cumini. It has a diameter of 52 and a height of 52.5 cm. Like for the other lamps from this series, vertically thin steel circular tubes are mounted for this construction. In the inner of the lamp shade two LEDs with a total power of 30 watts are integrated, wherein the electrical supply line is not visible, as it extends along a spoke rests.

The Spokes 2 is offered in white, copper, black, gold and graphite. In addition, two different versions are available: a non-dimmable version and a DALI-dimmable version. The Spokes 2 is also offered as a MyLight lamp, which can be dimmed with the Casambi App via Bluetooth using a smartphone or tablet. The cable is at maximum 340 cm long and can be shortened. A longer cable is available on request.
