| <b>Indice de reproducción cromática</b>      | 80   |
| <b>Temperatura de color en grados Kelvin</b> | 2600 - 2800  |
| <b>El rendimiento del sistema</b>            | 6 x 4 Watt   |
| <b>Flujo total luminoso en lm</b>            | 3.000  |

## Descripción

The Catellani & Smith Stchu-Moon 02 Chandelier is a multiple pendant light with three shades in a hemisphere shape. The shades are available with a diameter of 40 or 60 cm. Each shade is made of aluminum and outside matt black. Inside, each shade is covered with an irregular, relief-like structure which is offered in gold leaf, silver leaf or copper. A reflector inside each shade emits its light to the relief-like internal structure which is so illuminated. The cables can be shortened if necessary. LEDs that can be dimmed by the customer are integrated as light sources.
