Annex Ceiling LED clear opal

Version

- Large
- Medium
- Small

Farbtemperatur in Kelvin

- 2.700 extra blanco cálido
- 3.000 blanco cálido

Voltage

- 230 - 240
- 110 - 125

Technical details

País de la Fabricación	 Alemania
fabricante	Serien Lighting
diseñador	Uwe Fischer
protección	IP20
Volumen de suministro	LED
entrada de tensión	110 - 240 Volt
material	vidrio, vidrio acrílico, vidrio Opal
Atenuación	dimnable con control de fase inversa y con reguladores de control de fase
LED	incluyendo
Indice de reproduccion cromatica	>97
reemplazo de la bombilla:	en el sitio mismo

Descripción

This Serien Lighting Annex LED ceiling light has a clear, mouth-blown glass shade and a reflector made of opal acrylic glass. The light is emitted directly downwards and also evenly diffused to the side through the opal reflector. Only a small part of the light is also emitted upwards.

The Annex Ceiling LED is available in three sizes: Small with 14 cm diameter, Medium with 22 cm diameter and Large with 27.5 cm diameter. In each size, this lamp is operated with an integrated LED. Depending on the size, the integrated LED has a different output. This lamp is available with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. As standard, the ceiling lamp can be dimmed on site with a trailing edge and / or leading edge phase dimmer.

On request, the Medium and Large versions are also available as DALI dimmable versions. These require a 5-wire mains supply cable. In addition to this ceiling lamp, lamps with other reflectors from the Annex series are also offered. These have a different light distribution. In addition, the Annex Ceiling is also available with sockets for halogen lamps.
