<b>material</b>	aluminio, nylon
<b>base/portálámparas</b>	GY6.35
<b>conmutabilidad</b>	en cabezal de lámpara
<b>Alimentación (máx. Watt)</b>	10 Watt
<b>longitud del brazo</b>	30 + 30 cm
<b>cabeza del alumbrado masa</b>	10 cm
<b>distribución de la luz</b>	directamente

## Descripción

The Luceplan Berenice Parete Piccola is equipped with two mobile light arms. These arms are freely rotatable and swiveling. The lamp is available with different reflectors made of glass or metal. The reflectors made of glass (in sage green, yellow, rose and satin white) direct a portion of the light into the room, while the majority of the light is emitted directly downwards. The reflectors made of metal are offered in brass, black and aluminum. On the light head, an on / off switch is integrated. The Berenice Parete Piccola is the smaller of the wall lights of this collection. This lamp was designed in 1985 by Paolo Rizzatto & Alberto Meda.
