Descripción

The Coupé 1158 by Oluce is a wall lamp from the year 1967 by Joe Colombo. As some of the other lamps of the series, it has a bent arm at the end of a lamp head. The head is rotatable and can be adjusted in its height at will due to the variable arm of the lamp.

The bow arm is made of shiny chromed metal, while the lamp head is available in the two colours black and white. The wall bracket always has the same colour as the head of the Coupé 1158. The wall light has a power cord.
