### Descripción

The Anglepoise Original 1227 Mini Table Lamp has a fixed lamp arm and a rotating as well as swivelling lamp head. The table lamp is available in dove grey, linen white and jet black. The classically shaped steel lamp head is 14 cm high and has a diameter of 13 cm. All versions have a glossy paint finish. The pyramid-shaped base is made of cast iron with steel cover. An on/off switch is integrated on the base. The fabric cable of this lamp is 180 cm long. The table lamp can be operated with LED retrofit lamps. The original design for the Original 1227 light series was already created in 1933 by the industrial designer George Carwardine and is still produced in its original form today.
