Descripción

The Nyta Tilt Globe Floor is a lamp with a rotating shade. The lamp shade can be rotated by 360 degrees so that the floor lamp can be readjusted at any time. The floor lamp is 129 cm high. The lamp shade has a diameter of 20 cm and is made of matt lacquered aluminum. The lamp is available in white, black, all white, all black and grey. The all white and all black versions are each completely white or black. The lamp base of these two versions is made of steel in the matching matt surface. In all other versions the base and the rod are polished in stainless steel. The lamp shade is for each lamp in the selected surface. An on/off switch is integrated on the 260 cm long textile cable. Halogen lamps or LED retrofits are suitable as light sources.
