Descripción

The Marset Polo Floor is a black floor lamp with flexibly adjustable arms. The lamp arms as well as the lamp head can be adjusted at any time to adjust the light. The floor lamp has a 60.9 cm high aluminum rod. In total, the Polo Floor is approx. 104 cm high. The base of the lamp is made of painted metal and has a diameter of 26.5 cm. The lamp arms are cut from an aluminum block by CNC milling. A rotary switch is integrated in the lamp head, which can also be operated when the lamp is switched on thanks to integrated, modern LED technology.
