### Descripción

The Marset Soho 57 IP44 LED pendant lamp is suitable for outdoor use. Thanks to the IP44 degree of protection, it is protected against splash water from all directions and against solid foreign bodies with a diameter of one millimetre or more. Its lamp shade has a diameter of 57 cm and a height of 30.5 cm. The outdoor lamp is available in black, white and stone grey. The lamp shade is centrifugally cast from polyethylene, which gives it its final groove pattern. In the lower part of the shade a diffuser made of white-opal methacrylate is integrated, through which the light is emitted evenly and glare-free. The cables can be shortened if necessary. The Soho 57 IP44 LED is supplied as standard with a colour temperature of 2,700 Kelvin extra warm white, on request the lamp is also available with 3,000 Kelvin warm white. The integrated LED can be dimmed on site.
