Descripción

The Foscarini Twiggy Grid Outdoor Terra can be used as an outdoor floor lamp. Depending on the connection option, it has a protection class of IP44 (with plug connected) or IP65 (with clamp). With protection class IP44, it is protected against solid foreign bodies with a diameter of at least 1 mm and against splash water on all sides. With IP65, the lamp is dust-tight and protected against water jets from any angle. The arc lamp has a lamp shade that can be adjusted in height with counterweights. The light is emitted directly downwards from the lamp. The Twiggy Grid Outdoor Terra is available in crimson and greige (a mixture of grey and beige). Extension arms with a length of 40 cm each are offered on request, with which the projection and the height of the lamp can be extended.
