Descripción

The Foscarini Rituals XL Parete Semi has a mouth-blown, white satinized glass. In an elaborate process, even horizontal grooves are engraved into the glass during production. When the lamp is switched on, this creates light reflections on the glass. The light is emitted through the glass in all directions without glare, creating a halo effect around the lamp on the wall.

The Rituals XL Parete Semi can be mounted with the wall bracket upwards or downwards. The wall bracket is available in white, gold and graphite versions. The Rituals XL Parete Semi has an E27 socket that can be operated with halogen lamps or LED retrofits. This wall lamp is also offered as MyLight lamp, which can be dimmed with the Casambi App via Bluetooth using a smartphone or tablet.
