

Knapstein

PIA-4

Technical details

| | |
|--|--|
| País de la Fabricación |  Alemania |
| fabricante | Knapstein |
| diseñador | Knapstein |
| año | 2019 |
| protección | IP20 |
| Volumen de suministro | LED |
| entrada de tensión | 230 - 240 Volt |
| material | latón, vidrio |
| Atenuación | dimmable con control de fase inversa y con reguladores de control de fase |
| LED | incluyendo |
| Indice de reproduccion cromatica | >90 |
| Temperatura de color en grados Kelvin | 2.700 extra blanco cálido |
| El rendimiento del sistema | 4 x 10 Watt |
| Flujo total luminoso en lm | 3.920 |
| Dimensions | H 5 cm B 41 cm L 41 cm |

Descripción

The Knapstein PIA-4 is a square ceiling lamp. It has a length and width of 41 cm each. Its total height is 5.2 cm. Its flat design is made possible by a magnetic holder, which ensures also that no visible screws in the ceiling housing are existing. The light is diffused and homogeneously distributed downwards through a matted glass. The ceiling housing has a matt nickel-plated surface. Four integrated LEDs, each with a colour temperature of 2,700 Kelvin extra warm white, are included as light sources. The PIA-4 from Knapstein can be dimmed on site with a phase dimmer. The smaller, square PIA-1 and other rectangular or round ceiling lights are also available from the series.
